Event Description

Rather than battling the westbound weekend traffic in order to get a taste of the delightful products that puts this unique town on the map, Balmoral Beach is bringing Mudgee to you in what will be a day dedicated to appreciating the 'wine' things in life.

Optimiste, a family owned boutique winery whose name is relatively new to the Mudgee wine scene however well known in the area for the production of exceptional grapes; will be at the fair showcasing its fabulous range of products.

While sampling the products and discovering how this enchanting region has become one of Australia's premium wine destinations, there will be live music as well as arts, crafts and of course a large array of foods and the chance to talk and compare notes with the expert wine makers that are the locals of Mudgee.
