

Optimiste WINES of MUDGEE

## TASTING NOTES

### 2007 OPTIMISTE CHARDONNAY

#### REGION

Mudgee, New South Wales

#### GRAPE VARIETIES

Chardonnay

#### WINEMAKING COMMENTS

Much evidence points to Mudgee being the first region to plant Chardonnay grapes in Australia. There is unarguably now a wealth of premium, mature Chardonnay vines in the region available to make exceptional Chardonnays. The fruit for this wine comes from a vineyard to the east of Mudgee at an elevation of 900m. It is a great example of this noble variety and claimed the Top of Class marks at the 2008 Mudgee Wine Show.

#### COLOUR

Pale yellow in colour.

#### AROMA

Aromas of fig, white peach and citrus combine with a delicate background of spicy French oak.

#### FLAVOUR

The palate has exceptional finesse with a long soft creamy mouthfeel balanced by crisp mineral acidity.
